

fputs

```
graph LR; A[fputs] --> B[fwrite]; A --> C[strlen];
```

A diagram illustrating the relationship between the `fputs` function and its underlying components. On the left, a gray rectangular box contains the text `fputs`. Two dark blue arrows originate from the right side of this box. The upper arrow points to a white rectangular box on the top right containing the text `fwrite`. The lower arrow points to a white rectangular box on the bottom right containing the text `strlen`. All boxes have a thick black border.

fwrite

strlen
