

page\_t

```
graph BT; directory[directory] -.->|tables<br/>pageDirectory| page_t[page_t];
```

The diagram illustrates a pointer relationship. At the bottom is a gray rectangular box labeled 'directory'. A vertical dashed purple line extends upwards from the 'directory' box. To the right of this line, the text 'tables' and 'pageDirectory' are stacked vertically. The dashed line terminates in a solid purple arrowhead pointing directly at the bottom edge of a white rectangular box at the top labeled 'page\_t'.
